

As a taxpayer and homeowner, I would like to express my opinion in favor of continuing the NJ Do Not Call law. Families should not be subjected to intrusive/unsolicited phone calls from companies trying to sell whatever. If I want to buy an item I will seek out the seller of my choice. I do not appreciate someone trying to sell me something I am not in the market for and them not accepting "NO" for an answer. This makes my blood pressure go through the roof!
Thank you for listening,
Susanne Wyckoff
